AMK Project Approach

Introductions

Initial discussion of the client need, review of AMK capabilities, timeline and next steps.

Confidential

Whether we work together or not, we sign an NDA to determine if AMK can bring value and avoid conflict of interest.

Scope

We approach every engagement with a detailed scope, deliverables, schedule, and budget

Execution

The team works on delivering the scope, we provide bi-weekly updates, and make sure we are delivering value

Delivery

We don't ask for payment until you are completely happy with the results.

And, we make sure that all questions or clarifications are provided
